

MT. VERNON

COMMUNITY SCHOOL CORPORATION

“Engage, Educate, and Empower Today’s Students”

For Immediate Release ~ August 2, 2018

The McCordsville Police Department has informed us that charges have been filed against an employee of McCordsville Elementary School involving a domestic incident. Pursuant to school board policy, we have placed the employee on leave, pending investigation.

The parents/guardians of students in this classroom have been notified of their replacement teacher, who has vast experience with McCordsville Elementary School and is pursuing her Masters of Education.

We have legal limitations on what we can discuss about any employee involving personnel matters, so further questions should be directed to the Hancock County Prosecutor's Office.

Mt. Vernon will continue to stay committed to provide academic excellence for all Mt. Vernon students and will ensure this does not alter an optimal learning environment for all students.
