

2017 Young Filmmakers and Animators Workshops

Mt. Vernon High School is offering summer workshops for 10-14 year olds interested in filmmaking and animation. Students learn the basics of computer modeling, texturing, lighting, and animation using Maya and 3ds Max. 3D scanning and digital audio production are also introduced. Students also learn how to record and edit video in a working studio. New this year is a digital sculpting station and a Phantom 4 drone that records 4K video! (Contact tom.shaver@mvcsc.k12.in.us for more info)
