Top-rated schools are a must for any parent. ***Mt. Vernon Schools Engages and Educates students while Empowering them with a positive educational experience.*** Our academic excellence is achieved by using innovative educational programming in our 1:1 technology-infused environment (one computer device for each student K-12.) All five schools in our district are IDOE designated STEM Certified schools. Instruction is given a personal touch to motivate students into a lifelong love of learning in smaller class sizes. Our graduating classes are consistently around 300 students; smaller class sizes = more engagement. Come visit our award-winning schools!
