

What is CoderDojo?

The CoderDojo movement believes that an understanding of programming languages is increasingly important in the modern world, that it's both better and easier to learn these skills early, and that nobody should be denied the opportunity to do so. To that end, we've built a global network of free, volunteer-led, community-based programming clubs for young people. code and explore technology in an informal, creative, and social environment.

NineStar Connect and Idea Co-op, with assistance from the TechPoint Foundation for Youth, offers free CoderDojo classes on the first Sunday of each month:

- When: First Sunday of each month (unless that falls on a holiday)
- Time: 1:00 pm to 3:00 pm
- Fees: Classes are free, but you must register to attend
- Location: NineStar Connect north campus at 2231 E 600 N, Greenfield, IN
- Register: For more info and to register, please visit: www.ideacoop.com and click on the "Classes/Events" tab

More skills, more fun...with our micro:bits!

If you attended any of our 2019 sessions, you already received a free micro:bit kit. If you missed these sessions, please join us for our next session to receive and begin working with your very own *free* [micro:bit](#) (see picture) kit thanks to [Ninestar Connect](#)! The micro:bit is a tiny programmable computer, designed to make learning fun!

IMPORTANT: If you have already received a free micro:bit kit, *please bring it with you!*
